Program Overview

Smoking vs non-smoking has always been a controversial topic which affects our daily lives. Bans have been put in place at restaurants, hospitals, airplanes, hotels and now HOUSING COMPLEXES. This Smoke Free Policy notice from HUD has many management companies moving to implement this policy at their properties. This task is a huge undertaking that will require communication and education with residents through this process. Attend this meeting to learn ways to implement this policy that will benefit your residents and not make enemies with management. We will hear from EHM who has implemented this policy at some properties, from SHP who will be implementing this policy company wide in April, 2011 and the MATCH Coalition (Mobilize Against Tobacco for Connecticut's Health) which has undertaken a campaign to promote and support smoke-free policies in multi-unit housing complexes throughout the state.
