

NAHMA Rural Housing Update: USDA-RD releases revised HB-3-3560, Chpt 7 - Transfers of Project Ownership

Dear NAHMA Members,

This week, USDA-Rural Development released a complete update of [HB-3-3560, Chapter 7: Transfers of Project Ownership](#). In an effort to streamline the transfer process, the revisions reflect updated underwriting requirements, incorporation of the Preliminary Assessment Tool, and use of industry-based underwriting standards where possible.

Training for RD field staff and the industry will be available via webinar by the end of February.

Thanks,

Juliana
