

Take Advantage of the HD Supply Member Benefit Program for NEAHMA Members

We want to remind our members that HD Supply provides discount pricing as a benefit of NAHMA-AHMA membership. Under the new NAHMA-AHMA Member Benefit Program, HD Supply will:

1. Provide NAHMA and local AHMA members with the lowest catalog price regardless of order quantity. The lowest catalog price represents an average 14% savings off of current pricing.
2. Contribute to AHMA and NAHMA education, training and scholarship program funds in the amounts of 2% of net purchases to the local AHMA and 1% of net purchases to NAHMA, calculated based on net purchases by properties not currently enrolled in an HD Supply partnership agreement.
3. Provide unlimited access to its online maintenance courses. These courses cover topics such as appliance repair, HVAC repair, pool maintenance, plumbing repair, electrical repair, and make-ready maintenance.
4. Provide (1) in-person classroom training at no cost to any AHMA that collectively spends \$300,000 annualized per year. Additionally, an AHMA that collectively spends \$750,000 will receive (2) in-person training classes per year.

Sign up today at www.hdsupplysolutions.com or call 1-800-798-8809 to create your account and start receiving your discounted pricing. Once you have established your account, please email walter.morgan@hdsupply.com or michaela.miller@hdsupply.com with your account number and they will link your account to the NEAHMA members' benefit program.
