

Dear NAHMA Member,

Multifamily's Office of Production has released three key elements of the capital needs assessment electronic tool (CNA e-Tool) in preparation for the pending release of an operational CNA e-Tool. HUD expects to release the finalized tool in the fall of this year. This current release includes the B2G file and the Excel Assessor/Lender Tool together with a separate, data dictionary for the Excel Assessor/Lender Tool.

The Deputy Assistant Secretary for Multifamily Housing, Ben Metcalf, has also issued a notice which describes the three key elements and the projected future of the CNA E-Tool.

To view DAS Metcalf's Memo on the three key elements of the CNA E-Tool, please [click here](#)

To download the three key elements in a zip file, please [click here](#)
